

Qlucore Omics Explorer Data types references

INTRODUCTION

This document includes a number of references to different publications where Qlucore Omics Explorer has been used. The document is organized according to which type of data (or type of analysis) that has been used.

Type of data	Journal	Title	Link
Antibodies	Proteomics Clinical Applications	Serum proteome profiling of pancreatitis using recombinant antibody microarrays reveals disease-associated biomarker signatures	http://onlinelibrary.wiley.com/doi/10.1002/prca.201200051/abstract
